Oct 10, 2005 – [SECSIG] ISU Security Special Interest Group Formed

An ISU Security Special Interest Group has been formed. The first meeting will be on Tuesday October 11, at 2 p.m. in 144 Durham. The meeting is currently intended to be held on the “2nd Tuesday” each month at this time/place.

The agenda for the first meeting will be very simple.

“How might an ISU Security SIG benefit the computer support community?”

Some ideas:

- Provide a forum for your security concerns
- Provide a way share the best security tips and strategies
- Provide consultants a way participate in security initiatives
- Support campus-wide security education

This list is surely missing an idea that is important to you. Please accept our invitation to the first SSIG meeting and help form the ISU SSIG.

A mail list "secsig@iastate.edu" has been established. This will be a closed mail list for discussions among the SECSIG members. Send requests for membership on the mail list to Wayne Hauber at wjhauber@iastate.edu .
