

## Windows Enterprise Announcement

### May 14, 2009 – Progress Report -- Active Directory DC Upgrade Rollout

This is a progress report on the Active Directory Domain Controller Upgrade Rollout for the Windows Enterprise domain. On May 14, 2009, the following steps were successfully done:

- Schema updates for Windows Server 2008 DCs
- Forwarding of two new DNS Zones to DC DNS (DomainDNSZones & ForestDNSZones)

The next step occurs next Monday, May 18:

TEMPORARY Test DC (WINDC1A) introduced  
(For public testing of 3rd party apps)

There are network changes happening in the Durham machine room during this time, so there is a possibility of a delay for a day or two on the May 18 date. Watch for further announcements on Monday, May 18.

For the full rollout schedule see:
