

## **Windows Enterprise Announcement**

### **November 1, 2012 – KMS Service Update**

The KMS servers pool temporarily includes 4 servers:

- 2 original servers set up for activation of Windows 7, Windows Vista and Office 2010
- 2 new servers capable to activate Windows Vista, Windows 7, Windows 8, Windows Server 2008, Windows Server 2012, Office 2010, and Office 2013

On Monday, November 5, 2012, when the DNS record for ks.iastate.edu cached by the clients will expire, the old two servers will be taken out of the KMS pool.
